Straight Shooter (election Day)

Ann Beretta

When you don't know & we're out of time and you don't show and we're hung to dry we take it to the streets with our fists held high singing to a shorus of one tonight you know it's too late & we don't shoot straight we take it too the streets tonight we're six guns south with our pistols by our sides, we pledge a llegiance, freedom reigns tonight right or wrong heads too strong & we don't look back and we're throwin' it all away on election day we led astray.
