

## Around

Ann Marie

When he ain't around and you feelin' down, lil' baby, just call on me  
I know you soaking wet and I feel like drownin', baby, just call on me  
She drippin' all on me  
She got some water, it fall on me  
My bitch been callin' me  
But I'm in the back givin' all of me  
I love when she talk to me  
But I told lil' baby that talk is cheap  
We fuck like we ain't talked in weeks  
Fuckin' up all the sheets  
I want that grizzly bear, keep all the teeth  
I can't even lie, she a beast, hah  
Been fuckin' with her, ain't been dealin' with me  
I got a bitch but I'm feelin' her vibe  
We gettin' busy, ain't wastin' no time  
I fuck her good with no strings and no ties

Popped a Xan for the moment  
Slap my ass, pull my hair, show you want it  
Boy, you got a pussy lookin' like a faucet  
Fuck that bitch that you with, she ain't on shit  
I'm feelin' your vibe, and I know you feelin' mine, I get on top and just ride  
Go down every time, uh, uh, uh, uh, let's keep this shit 'tween you and I  
When she ain't around, I'm gon' make you drown  
Know you like me better by the way I put it down  
I'm gon' make you drown, when she ain't around  
I know you like me better by the way I put it down

When he ain't around, when he ain't around  
I know she like me better by the way I dick her down  
When he ain't around, when he ain't around  
I know you like me better by the way I pipe you down

She ain't around and you feelin' down, baby, just call on me  
Whenever you want it, you feelin' lonely, baby, just call on me  
Want you to put that tongue all on me  
This pussy so good, have you stalkin' me  
I really don't do this but you got me choosin'  
I'm ready to feel that dick all in me  
From the moment that we met, knew you was somethin' special  
And if you stick with her, then baby, you gon' settle  
By the way you dick me down, boy, you deserve a medal  
Wanna make sure that you hit that spot so I'ma help you, baby  
Let's go all the way, let's go for round after round

Popped a Xan for the moment  
Slap my ass, pull my hair, show you want it  
Boy, you got a pussy lookin' like a faucet  
Fuck that bitch that you with, she ain't on shit  
I'm feelin' your vibe, and I know you feelin' mine, I get on top and just ride  
Go down every time, uh, uh, uh, uh, let's keep this shit 'tween you and I  
When she ain't around, I'm gon' make you drown  
Know you like me better by the way I put it down  
I'm gon' make you drown, when she ain't around  
I know you like me better by the way I put it down

When he ain't around, when he ain't around  
I know she like me better by the way I dick her down  
When he ain't around, when he ain't around  
I know you like me better by the way I pipe you down
