Mhm mhm mhm mhm

I scroll down yo page from time to time just to see how life be
en treating you
What's been on yo mind do you miss me like I'm missing you
Got all yo text but think it's best I don't respond to you
Not tryna' go backwards you glowing just know I'm proud of you
This ain't what I wanted but baby it's how it gotta be
Can't say I don't love you but that shit took so much out of me
Kinda hard to move on when everything you do gets back to me
Gotta take some time get back to me
Gotta realize you were bad for me
Part of me like fuck who you fucking but I want the best for yo
u
Cause even though we ain't together I still won't play bout you
You mad I walked away but what else was I pose to do
Boy you wasn't there when I needed you
Now whenever you cross my mind boy I'm like

Ohhh

I won't lie this shit here kinda hard to do
But I know that I'll be better off than you
Just wondered if you knew that I still think of you

Boy it be sometimes when I feel like picking up my phone and ca
lling you
So we can sit up and talk all night like we use to do
See boy this shit won't be easy cause I'm use to you
But I think me leaving is the best thing left for me and you
And I don't think I'll ever be able to love this way again
And I hate that this is the way that our story gotta end
We should've never crossed that line should've just stayed as f
riends
Cause that's when all the pain began but I'll still do it all a
gain
Cause you my person boy I wish it could've worked with you
But it got to a point you was hurting me and I know I was hurti
ng you
I know we scared to see each other with somebody new
But that's what we gone have to do
Cause I can't keep running back to you

Ohhh

I won't lie this shit here kinda hard to do
But I know that I'll be better off than you
Just wondered if you knew that I still think of you
