

# Ecstasy

Ann Marie

Boy you get me higher than weed  
Got me drunk up off your love and Hennessy  
I feel it in my body  
When you're next to me  
Like ecstasy, that ecstasy

Boy you get me higher than weed  
Got me drunk up off your love and Hennessy  
I feel it in my body  
When you're next to me

Like ecstasy, like ecstasy  
Boy you get me higher than weed  
I'm a different type of freak off that Hennessy  
Love it when you on yo knees  
Ooh bae, please me

Pussy wetter than the sea  
Try not to sink  
Baby we can do it all night  
Ride you slow  
Turn around then beat it up  
On the kitchen table  
Breaking shit  
Let me down and eat it up

Ooh you so fine baby  
Just want yo time baby  
You can be mine baby  
Tell me how that sound baby  
Fuck with me boy, then you winning  
Won't stop riding it til you finish  
I'll fuck with you shawty, I'm in it  
Go crazy baby when you in it

It's yours, don't give a fuck about  
Them niggas from before  
Cause I know I'm fuckin with a boss

Boy you get me higher than weed  
Got me drunk up off your love and Hennessy  
I feel it in my body  
When you're next to me  
Like ecstasy, that ecstasy

Boy you get me higher than weed  
Got me drunk up off your love and Hennessy  
I feel it in my body  
When you're next to me

Like ecstasy, like ecstasy  
You got me high baby  
Like I went and smoked a whole pound baby  
That pussy sweet  
It's like a now and later  
I can eat it later or now baby

I'ma dive in it, take my time baby  
Everytime I'm with you  
Girl you my baby  
The way I do it  
Make you whine baby  
Turn a grown woman to a crybaby  
Wanna be next to you baby  
Thinking bout texting you baby

Thinking bout sexin you baby  
Lately been way from you baby  
Was all it took  
Got me up off the hook  
That ecstasy with a lot of love  
Baby we can write a book

You tellin me that I stole your heart  
So you saying I'm a crook  
They tellin you I got a lot of hoes  
Baby that's just how it look  
And every time you kiss me baby  
Feel like I'm off a drug  
We both gone, we both stoned  
Baby I don't like to judge

Boy you get me higher than weed  
Got me drunk up off your love and Hennessy  
I feel it in my body  
When you're next to me  
Like ecstasy, that ecstasy

Boy you get me higher than weed  
Got me drunk up off your love and Hennessy  
I feel it in my body  
When you're next to me  
Like ecstasy
