Ann Marie

Let's get high

Let's get high

Baby, you're a drug, and I'm on you, babe
I'm addicted, boy. This shit like crack
My intention is to get you lit 'cause I can't lie:
When we're high, baby, that dick hit
And I'm 'a match your energy
Just roll up, baby, pass the weed
That's how you're gonna bring the freak out of me
You're the plug, when it come down to sex

You know, how wet she get
When we get off the shits
Fucking you been on my mind
So, let get right and catch this vibe

Let's get high

Don't know, if it's the drugs or you
Your clothes and shoes
You get me higher than ecstasy
Baby, I'm lit too
Come here. Let's get high
Pop a "Addy", boy, 'cause I want you in it all night
On you, boy, I wanna take my time
Let's get high
Baby, you're dope like pure cocaine
The way you're fucking me slow like you been sipping on drank
Take a quick smoke break
While we're listening to Tank
Then you make that face
Now, I'm popping
Pussy all up on your tongue like a Perky
Only three shots in
Love it when we're high, but right now, boy, give me that drunk dick
When we're up late, it's just a vibe with you
Type shit make me devour you

But you know, how wet she get
When we get off the shits
Fucking you been on my mind
So, let get right and catch this vibe

Let's get high

Don't know, if it's the drugs or you
Clothes and shoes
You get me higher than ecstasy

Let's get high

Pop a "Addy", boy, 'cause I want you in it all night
On you, boy, I wanna take my time

Can you be my baby

Fuck me. I'll go crazy
Fuck me. I'll go
Oh, boy
Slide into me
Slide into me
Slide into me
