

# I Wanna Know

Ann Marie

Mmm, mmm

Love

Someone I can trust

Someone I can love

(Stay with Vegas on the way)

Boy, what I need from you

Is to let me know, all the reasons why you should get my love

Let me know right now you someone I can trust

Can I count on you to be the same way that you was?

Even after we fuck, boy

I wanna know

Come on, tell me

'Cause I wanna know

Oh baby, I wanna know

Come on, tell me

'Cause baby, I wanna know

I wanna know

Can I trust you with my heart?

If I can't then let me know

Are you who you say you are

'Cause baby, I've been here before

If you know you not what I want

Then boy, don't lead me on

'Cause I need someone honest

Don't need toxic, I need loyal

'Fore we move forward

Boy, what I need from you

Is to let me know, all the reasons why you should get my love

Let me know right now you someone I can trust

Can I count on you to be the same way that you was?

Even after we fuck, boy

I wanna know

Come on, tell me

'Cause I wanna know

Oh baby, I wanna know

Come on, tell me

'Cause baby, I wanna know

I wanna know

Can I give you my soul?

Can I share with you my goals?

Better never make me feel like I'm competing with no hoe

'Cause boy, I like my nigga obsessed and all about me

And I promise, can't nobody come between us

I got you, if you got me

Boy, what I need from you

Is to let me know, all the reasons why you should get my love

Let me know right now you someone I can trust

Can I count on you to be the same way that you was?

Even after we fuck, boy

I wanna know  
Come on, tell me  
'Cause I wanna know  
Oh baby, I wanna know  
Come on, tell me  
'Cause baby, I wanna know  
I wanna know

Why you need my love?  
Someone I can trust  
Someone I can love  
Someone I can fuck  
You know who can I? (Uh-huh)
