

# Pull Up

Ann Marie

Pull up, pull up, pull up  
(Oh yeah, yeah)  
Mm, mm, mm  
(Oh yeah)  
Yo, Meeb

Pull up  
Boy pull down on me  
Then go down on me  
Just pull up  
(Pull up, pull up)  
Baby, come slide on me  
Then slide into me  
Pull up

Let's take a ride  
Down Lake Shore Drive  
Let's talk about goals and ambition  
Roll up and then we get high

You got your hands on my thighs  
Pull my panties to the side,  
Put your finger inside  
Play with it, boo, while we vibe  
Show me what to be expectin' when we get inside

I'm 'a treat ya body like a car  
Put my body in drive, ride that dick 'til some nut  
Hop on yo face, I'm 'a put it in park  
Fuck me in a neutral, give me that spark

I'm gone ride it in reverse  
do this shit like I rehearse  
Show you why the last nigga still stuck  
but first I need you to pull up

Pull up  
Boy pull down on me  
Then go down on me  
Just pull up  
(Pull up, pull up)  
Baby come slide on me  
Then slide into me  
Pull up

Boy ride down on me  
Then go down on me  
Text me that you're on your way  
Baby come slide on me

Want you to take your time on me  
Hit it from the back, show out for me  
I been waiting for a long time  
So don't hold out on me

I'm 'a treat ya body like a car  
Put my body in drive, ride that dick 'til some nut

Hop on yo face, I'm 'a put it in park  
Fuck me in a neutral, give me that spark

I'm gon' ride it in reverse  
Do this shit like I rehearse  
Show you why the last nigga still stuck  
But first I need you to pull up

Pull up  
Boy pull down on me  
Then go down on me  
Just pull up  
(Pull up, pull up)  
Baby come slide on me  
Then slide into me  
Pull up
