

Real

Ann Marie

I find it funny what you expect from me
Like I can't find, another nigga
That won't think twice 'bout treatin' me right
They all wish they can be you
What if I had my cake and ate it too
But that ain't what I wanna do
I just really want you, oh

I need somebody who can add to
All I have to offer
Boy, don't get it fucked up, I might want you
But trust me, I don't need you
I'm nothin' like you used to

Baby, let me feed you some of this real
I ain't none of them hoes all on your heels
Plus I got my own bag, boy so, chill
Approach me differently
Can you satisfy me mentally?
Can you keep it real with me?
Can you (Yeah), love me (Yeah)?
Can you make it flood when you fuck me? (Yeah, yeah)
Curve them other hoes like it's nothin' (Nothin')
Baby, keep it real, yeah
Can I trust you? (Yeah, yeah)
You can tell by the way that I touch you (Yeah, yeah, yeah)
I don't want nobody else but you (Yeah, yeah, yeah)
I'm just bein' real, yeah

I ain't that bitch that gon' play around
I ain't that bitch that gon' do what you say (No, I won't)
I ain't that bitch that gon' wait around
Just for a text, fuck I look like your ex? (No)
I ain't that bitch who gon' take all that sneakin' and creepin' at two in the mornin'
No, nigga, that's not me, if that's what you want just leave 'cause

I need somebody who can add to
All I have to offer
Boy, don't get it fucked up, I might want you
But trust me, I don't need you
I'm nothin' like you used to
