

Throw It Back

Ann Marie

Talking shit over the phone
Boy you better watch your tone
All we do is fight it's getting old
But when you're mad it kinda turn me on

I say I don't wanna do this no more
Then you say you wanna leave well there's the door
Say you gonna leave me alone
Then the next minute back blowing up my phone
You know you ain't going nowhere
Baby we been in this shit too long
Stop playing you know what it is
You know you gone end up in this bed and I'ma throw it back, back, back,
ck, back, back
You'll forget why you were mad, mad, mad, mad, mad
The shit you say you'll take it back, back, back, back, back
Fuck me like you're sorry
Show me where your heart is
And I'ma throw it back, back, back, back, back
Cause I know you miss it bad, bad, bad, bad, bad
We can leave that in the past, past, past, past, past
Fuck me like you're sorry
Show me where your heart is

I'ma throw it back
Keep you comin' back
You say you'll find someone to fuck you better that was cap
I'll give you that act right every time you acting up
Ever since I put this pussy on you, you can't get enough

I say I don't wanna do this no more
Then you say you wanna leave well there's the door
Say you gonna leave me alone
Then the next minute back blowing up my phone
You know you ain't going nowhere
Baby where you been in this shit too long
Stop playing you know what it is
You know u gone end up in this bed and I'ma throw it back, back, back,
, back, back
You'll forget why you were mad, mad, mad, mad, mad
The shit you say you'll take it back, back, back, back, back
Fuck me like you're sorry
Show me where your heart is
And I'ma throw it back, back, back, back, back
Cause I know you miss it bad, bad, bad, bad, bad
We can leave that in the past, past, past, past, past
Fuck me like you're sorry
Show me where your heart is
