(Ayy, Mac you goin' crazy)  
Mad at you  
'Cause you know I can't stay mad (Stay mad) mad at you  
At you, at you  
Yeah

I swear to God, boy, you make it hard to deal with you  
Steady lyin' but want me to keep it real with you (Oh, oh)  
Know you can't treat me like them hoes and that's the real issue  
Got my bitches askin' why the fuck I even deal with you  
Build with you (Build with you), really wanna build with you (Build with you  
)  
Fuck them niggas, 'member who was in the field with you? (Field with you)  
When I'm mad and want some dick, you know I still hit you  
'Cause even on bad terms, boy, I'm still with you (Oh, oh)  
I was that bitch before I met you, and I still am (Still am)  
Even when they ask about you, boy,  
You still him (Still him) yeah, you still mine (Still mine)  
How you make and fuck my day up at the same time (Same time)  
Think you know I can't stay mad at you (At you)

But I ain't gon' let you play with me  
(Play with me)  
Better start actin' like you wanna stay with me  
Baby, you done got too comfortable with thinkin'  
(I won't leave you)  
Baby, we been down this road before but baby  
(I believe)  
That some shit just worth fighting for and baby  
(You for me)  
But I ain't gon' let you play with me  
(Play with me)  
Better start actin' like you wanna stay with me  
Baby, you done got too comfortable with thinkin'  
(I won't leave you)  
Baby, we been down this road before but baby  
(I believe)  
That some shit just worth fighting for and baby  
(You for me)  
But I ain't gon' let you play with me

First off, boy, let's call it what it is now (Is now)  
We been fuckin' on and off for some years now (Long time)  
I'm the bitch that got your heart,  
You want your kids by  
But you study, preachin' 'bout some shit that you don't live by  
You bringin' up the shit that we been through (Through)  
If you act right, I can keep it cool (Cool)  
Or I can just go out and find another dude (Dude)  
But it's obvious that I just rather do this shit with you  
But if this what you want, move around and let a real nigga get me  
I'm a catch, I got a bag, plus I'm pretty  
How you fuckin' up? After you begged to be with me  
How you think that you can cheat but I can't do it? Boy you sick?  
Do you know I can't stay mad (Stay mad) mad at you (At you)?

'Cause boy, when it's good, it's good  
But let's get some shit understood (Oh)

But I ain't gon' let you play with me  
(Play with me)  
Better start actin' like you wanna stay with me  
Baby, you done got too comfortable with thinkin'  
(I won't leave you)  
Baby, we been down this road before but baby  
(I believe)  
That some shit just worth fighting for and baby  
(You for me)  
But I ain't gon' let you play with me  
(Play with me)  
Better start actin' like you wanna stay with me  
Baby, you done got too comfortable with thinkin'  
(I won't leave you)
