Ann Marie

Touch me, tease me, please me, bae  
Go deep, make me weak when you eat, bae  
Change the sheets, I made a leak, I'm a freak, bae  
I'ma have you on your knees, bae  
Eat the cake like it's your B-day  
Touch me, tease me, please me, bae  
Go deep, make me weak when you eat, bae  
Change the sheets, I made a leak, I'm a freak, bae  
I'ma have you on your knees, bae  
Eat the cake like it's your B-day

Start in the bed  
(Then we end up in the shower, bae)  
While you eat it, my hands on your head  
(Turn around, beat it up for hours, bae)  
Follow my command  
(Make you do what I say like Simon says)  
Ooh, wait, not too fast  
Turn around, pull my hair, then slap this ass  
Yeah, you got it, boy, you got it  
Way you fuckin' me, boy, you got me shoutin'  
Sippin' this Hennessy, you smokin' weed  
I wanna feel you enter me  
Baby, how you coming? Show me something  
Promise when you in it, boy, it ain't no running  
I love when you talk to me  
Show me how bad you want it, damn

Touch me, tease me, please me, bae  
Go deep, make me weak when you eat, bae  
Change the sheets, I made a leak, I'm a freak, bae  
I'ma have you on your knees, bae  
Eat the cake like it's your B-day  
Touch me, tease me, please me, bae  
Go deep, make me weak when you eat, bae  
Change the sheets, I made a leak, I'm a freak, bae

Touch me, touch me  
Wanna feel your hands on my body  
Please me, baby  
Now you got me here where you want me  
Them lights, just dim 'em, bae  
Legs up to the ceiling, bae  
Eat it up like a dinner plate  
On your knees like you praying to the pussy, bae  
Who would've known you'd make it drip like that?  
Boy, I didn't know you'd get me wet like that  
Baby, get behind and make me arch that back  
Ooh, I didn't know you had stroke like that  
Get on top, I'll ride  
While looking in your eyes  
Go deep  
Love me, touch me, please me

Touch me, tease me, please me, bae

Go deep, make me weak when you eat, bae  
Change the sheets, made a leak, I'm a freak, bae  
I'ma have you on your knees, bae  
Eat the cake like it's your B-day  
Touch me, tease me, please me, bae  
Go deep, make me weak when you eat, bae
