Ann Marie

I Mean I Just Don't Get It. How One Minute You Can Make Me Cry  
And You Can Make Me Smile And Turn Around And Make Me Wanna Kill You

Tripolar, Triiipolaaaaarrrr, Tripooooolaaaaar, Tripooooolaaaaar

Damn You Got Me In My Feelings, Pour A Cup And Spark A Blunt  
See You Get Around Them Niggas And You Really Try To Stunt  
How You Try To Play A Bitch That's Been Down From The Jump?  
Should've Been It Coming, We Ain't Been The Same In Some Months  
Heard Them Rumors Bout Them Bitches You Was Fucking On  
Yo Niggas With The Shits And That's The Reason We Don't Get Along

Telling Me I'm Trippin, I'm The Only One You Lovin On  
But How Could That Be True When You Got Bitches Blowing Up Yo Phone?

See You Make Me Hate You, Make Me Regret The First Day That I Met You

I Thought You Was Special, I Been Should've Left You  
Remember When You Ain't Have Shit Boy Who Helped You?  
But I Ain't Gon Flex Like I Still Don't Love You, One Second Wanna Kill You Next Wanna Hug You, Stab You, Grab You, Go And Light The Candles, Fuck You Till The Hand Turn To The Next Hour  
Damn Here We Go Again, Got Me Thinking We Was Better Off As Friends

I Won't Lie, I Sit Around And Think About How It Could've Been  
But For Now I Think It's Best That We Put It To The End

How Could You Do This To Me? You Were Thinking About You While I'm Thinking About We

Baby These Streets Ain't Gon Love You Like Me But I Think It's Just Best If I Leave

Tripolar, Tripolar, Tripolaaaaarrrr, How You Make Me Tripolar, Hmmm Tripolaaaaarrrr, How You Make Me Tripolaaaaarrrr, Hmmm Tripolaaaaarrrr, How You Make Me Tripolaaaaarrrr, Triiipooooolaaarrr

Wish I Could Rip My Heart Out And Show The Damage That You Did  
But What I Really Wanna Do Is Key The Shit Out That Benz  
Beat Up Every Bitch You Fucking, Get Into It With Yo Friends But If I Do That Then I Feel Like You Would Win

Na Fuck That, I Introduced You To My Momma And All You Ever Did Was Bring Me Heartbreak And Drama

Is It Crazy That I Still Want Us To Work? Even Though You Did Me Dirty

I Luh You But This Shit It Still Hurts

I Can't Take Back All The Nights That I Cried To Sleep, You Never Gave A Fuck, Don't Even Know Why I Try

Why? You Still Up On My Mind, I Guess I Miss The Way It Was, I

Can't Lie

Damn I Can't Stand You (No I Can't Stand You)

Thought I Can Change You (Thought I Change You)

Falling Love, I Didn't Plan To (Didn't Plan To)

Wish I Never Met You

Call Me Crazy But You Made Me Like This

After All Me And You Did

How Could You Do This To Me? You Were Thinking About You While  
I'm Thinking About We

Baby These Streets Ain't Gon Love You Like Me But I Think It's  
Just Best If I Leave
