I just can't up and commit to you straight off the strength you know (strength you know)  
This pussy ain't given when you can stay rockin them bands you know (bands you know)  
I give you this pussy can't even go out with my friends alone

Body of a goddess she flawless  
Candles by the tub it's exotic

After riding this dick you not walking the same

I give you this pussy can't even go out with my friends alone
