

Bip Bam Thank You Mam

Ann Peebles

You're the savagest love I ever run into
Once you get a wound, you don't know what to do
All your sweet talking and sexy ways
Give the impression you can love for days

You just go bip bam thank you mam
(Bip bam thank you mam)
A regular one minute Sam
Just filling and fumbling
(Filling and fumbling)
Just missing and bumpling
(Missing and bumpling)
You're just another do nothing hound

You guaranteed me satisfaction
Said I haven't been love till I tried your action
I don't mean to be cold but I'm telling like it is
The way you make love
Couldn't even give me old man a thrill

You just go bip bam thank you mam
(Bip bam thank you mam)
You're just too quick on me Sam
Just filling and fumbling
(Filling and fumbling)
Just missing and bumpling
(Missing and bumpling)
You're just another do nothing hound

I should've known you were on a ego trip
Bragging 'bout your love I let my foot slip
You promised to please and fill my heart's desire
Now I got to find someone else to put out this fire

Just go bip bam thank you mam
(Bip bam thank you mam)
A regular one minute Sam
Just filling and fumbling
(Filling and fumbling)
Just missing and bumpling
(Missing and bumpling)
You're just another do nothing hound

I'm tired of this bip bam thank you mam
(Bip bam thank you mam)
You're just another do nothing hound
You're just filling and fumbling
(Filling and fumbling)
Just missing and bumpling
(Missing and bumpling)
You're just another do nothing hound
Tired of this bip bam thank you mam
(Bip bam thank you mam)
