

# I've Been There Before

Ann Peebles

Did you ever have to sit there  
And watch them holdin' hands?  
Everybody around you know  
He's supposed to be your man

He tried to explain last night  
That she was still his wife  
And all day long  
You tried your best to understand

Don't it make you wanna  
(Get up)  
Get up and walk away?  
Don't it make you wanna  
Say things you never would say?

You ask me how do I know  
(How do I know)  
I've been there before

(I've been there before)

Did you ever have to stand there  
On the outside lookin' in?  
You know the man you love  
Belongs to your best friend

You try to blow it out-a your mind  
But you know you're just wastin' your time  
You know that somebody's got to lose  
Will you be the one to win?

Don't it make you wanna  
(Get up)  
Get up and walk away?  
Don't it make you wanna  
Say things you never would say?

You ask me how do I know  
(How do I know)  
I've been there before

(I've been there before)

Smack dab n the middle  
Of a three way love affair  
I tell you I've been there before
