

My Man (He's a Loving Man)

Ann Peebles

My Man, you know he's really alright
My Man, he always treats me alright
He never run in the streets, leavin' me alone
He knows that his place is right here at home
My Man, oh yeah yeah
He's a heck of a man

My Man, he always treats me alright
My Man, outta sight
Now if things go wrong, I get sad and blue
He takes me in his arms and he knows what to do
My Man, oh yeah yeah
He's a heck of a man

People will talk until they break up your home
And then they try to tell you that you are wrong
My man was smart, he wouldn't go for that
He said come on, come on and let me show you where it's at
He's my man yeah, you know he's really alright
My Man, he always treats me alright
He never run in the streets, leavin' me alone
He knows that his place is right here at home
My Man, oh yeah yeah
He's a heck of a man

It's alright
The way you hold me
It's alright
The way he squeeze me
It's alright
