

Other Side

Anna Abreu

I wanna take myself to the other side tonight
I wanna break myself to the other side tonight
I hear the beat calling me from the other side tonight
I'm gonna follow my feet to the other side tonight

I need you to stay
Go wherever I go
I want you to play
This game I know

Oh oh oh oh oo...

The boom boom bass is messing up my brain
It's hitting you to place
It's something you can't replace

I need you to stay
Go wherever I go
I want you to play
This game I know

Oh oh oh oh oo...

I wanna take myself to the other side tonight
I wanna break myself to the other side tonight
I hear the beat calling me from the other side tonight
I'm gonna follow my feet to the other side tonight

This is the way to the other side...
