

Slam

Anna Abreu

yes yes yes, you might be cuter than i wanna admit,
i'll take it step step step, till i know if i wanna commit,
you're comin' on real strong, so what am i gonna do with ya?
i'll give you just one kiss but you only get this humor you,
i taste you on my lips and slam!
you drop me where i stand,
yeah it just hit the fan, the moment that you kissed me hit me.
slam! my heart didn't touched the floor,
can't feel it anymore, goddamn,
wham-bam here i am.
shake shake shake why'd ya have go rattle my cage?
i'm tryin' hold a little back, while the blood rushes to my face,
boom boom boom, its like you shoot a little gun inside of me,
think i know what's gonna come,
so baby put me out of my misery,
oh oh oh oh slam! you drop me where i stand,
yeah it just hit the fan,
the moment that you kissed me hit me
slam!
my heart didn't touched the floor,
can't feel it anymore goddamn! wham-bam!
here i am!
i must confess that this is such a new experience.
attraction hit me with the sweetest kind of violence,
i never thought that just the touch of you could take me down.
i close my eyes and know yours before i hit the ground,
slam! you drop me where i stand, yeah it just hit the fan.
the moment that you kissed me hit me,
slam! my heart didn't touched the floor,
can't feel it anymore, goddamn!
wham-bam! here i am
you drop where i stand,
yeah it just hit the fan.
the moment that you kissed me hit me.
slam! my heart didn't touched the floor,
can't feel it anymore, goddamn,
wham-bam! here i am!
