

# Break The Wall

Anna Blue

You want protection from more rejection  
A hiding place, so you've raised a wall  
You keep a distance, a strong resistance  
I'll take it down with a wrecking ball

Let me show you what real love can do  
It can overcome the barricade  
Let me show you what life holds for you  
With me you don't have to be afraid

I'm gonna break down that wall  
Let me save you from a life in seclusion  
It's gonna fall  
'Cuz that barrier is just an illusion  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh

You're isolated and so frustrated  
And now you're stuck with anxiety  
Your desperation means separation  
When you're avoiding society

Let me show you what real love can do  
It can overcome the barricade  
Let me show you what life holds for you  
With me you don't have to be afraid

I'm gonna break down that wall  
Let me save you from a life in seclusion  
It's gonna fall  
'Cuz that barrier is just an illusion  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh

Bit by bit I'm gonna take it apart  
Oh baby let me save you from this behaviour  
Brick by brick I'm gonna get to your heart  
Go leave the desolation and find salvation

I'm gonna break down that wall  
Let me save you from a life in seclusion  
It's gonna fall  
'Cuz that barrier is just an illusion  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh  
I'm gonna break the wall, oh ohoh
