

# How Does It Feel?

Anna Blue

"So you think it's cool to bully me?  
You know nothing about me  
Right now, I'll take you by the hand  
And show you what it feels like"

Imagine that you're living in a different world  
Where all the hate is raining down on you  
They take your name and drag it through the dirt  
And everything they do and say is rude

You feel how your soul's getting torn (torn)  
You're lost, you can't take anymore

Welcome to my life  
Where you cry alone at night  
And the sun never shines for you (oh no no)  
Welcome to my life  
Where every word cuts like a knife  
In everything that they say to you  
Tell me how does it feel?  
How does it feel?  
How does it feel?  
How does it feel?

They do it out of fun like it's a bagatelle  
I mean they push you and they call your names  
And now you're burning in this living hell  
Your self-esteem is going up in flames

You feel how your soul's getting torn (torn)  
You're lost, you can't take anymore

Welcome to my life  
Where you cry alone at night  
And the sun never shines for you (oh no no)  
Welcome to my life  
Where every word cuts like a knife  
In everything that they say to you

And you wanna know  
Why can't you just let it be?  
What's so wrong about me?

"So, now you know what it feels like to be me  
Maybe this will change your mind  
What do you think? Friends?"

Welcome to my life  
Where you cry alone at night  
(I cry alone at night)  
And the sun never shines for you  
(oh no no no no no)  
Welcome to my life (my life)  
Where every word cuts like a knife (oh yeah)  
In everything that they say to you  
Tell me how does it feel?  
How does it feel?

How does it feel?  
How does it feel?
