

Keep It Under

Anna Blue

Baby you and I are best friends
So I gotta keep a distance
Cuz I don't wanna risk the thing that we have no

And my tongue I gotta bite it
But it's oh so hard to fight it
Cuz I don't wanna mess up all that we share

Oh baby
Situation's crazy
How you make me love you love you like that
Love you love you like that
Don't wanna
Be caught up in some drama
And jeopardize the friendship that we have

So that's where it ends
Cuz baby I love you
But I am never gonna tell you so
We can be friends
But never a couple
I don't wanna I don't wanna
Lose you no, so I'll just
Go go gonna keep it under
It's good just the way that it is
Go go gonna keep it under
Cuz there's just too much I would miss

You're the needle in the haystack
That I found but need to put back
Cuz I don't want you to be that one thing I've lost no

So the truth remains a secret
And forever I'ma keep it
Cuz I feel there is a line that we shouldn't cross

Oh baby
Situation's crazy
How you make me love you love you like that
Love you love you like that
Don't wanna
Be caught up in some drama
And jeopardize the friendship that we have

So that's where it ends
Cuz baby I love you
But I am never gonna tell you so
We can be friends
But never a couple
I don't wanna I don't wanna
Lose you no, so I'll just
Go go gonna keep it under
It's good just the way that it is
Go go gonna keep it under
Cuz there's just too much I would miss

Being with you is impossible

I can never be too close to you

Baby I don't wanna lose you no
I ain't gonna be delusional oh oh

Emotions start to soar
I lock 'em in a drawer

Forever gonna keep it just the way that it is
It is

So that's where it ends

So that's where it ends
Cuz baby I love you
But I am never gonna tell you so
We can be friends
But never a couple
I don't wanna I don't wanna
Lose you no, so I'll just
Go go gonna keep it under
It's good just the way that it is
Go go gonna keep it under
Cuz there's just too much I would miss

I'm gonna keep it under
