

Ring The Alarm

Anna Blue

I'm sitting in a goddamn classroom
And I don't want this anymore
I know I got a brand new adventure
Waiting behind the door (hey hey!)
I'm thinking 'bout a revolution
I'm staring to above the class
The teacher's telling me to stop it
I tell him to kiss my *mwoah* (hahahaha)

And if you wanna have a good time baby
You should be coming with me

So ring the alarm
The party is on
Everybody jump now
It's gonna be fun
Ring the alarm
The party is on
Can't nobody stop us
We do what we want
Ring the alarm
(Hey hey!)
(Hey hey!)

Now everybody scared and crazy
We party in the teacher's room
We dance across the table baby
The beat is pumping hard like boom boom boom (hey hey!)
You can call up all your friends now
We totally invade the school
Can turn it into one big party
Breaking every single rule (hahahaha)

And if you wanna have a good time baby
You should be coming with me

So ring the alarm
The party is on
Everybody jump now
It's gonna be fun
Ring the alarm
The party is on
Can't nobody stop us
We do what we want
Ring the alarm
(Hey hey!)
(Hey hey!)

The scene is so dramatic
All teachers start to panic
We gonna party baby all day long
Now push your back in motion
We're starting the commotion
We gonna keep it going on and on

And if you wanna have a good time baby
You should be rolling with me

So ring the alarm
The party is on
Everybody jump now
It's gonna be fun
Ring the alarm
The party is on
Can't nobody stop us
We do what we want
Ring the alarm
Ring the alarm (hey hey!)
Ring the alarm (hey hey!)
Ring the alarm (hey hey!)
Ring the alarm (hey hey!)
