

## As a Man

Anna Calvi

If I was a man in all but my body  
Oh would I now understand you completely  
If I was a man in all but my body

If I was walking and talking  
As a man

Oh it is dark and then you will meet me  
Something has changed, now I feel it discreetly  
Oh now I feel, now I feel you completely

When you're not walking and talking  
As a man

When you're not walking and talking  
As a man

Closer, closer, closer  
To one breath

When you're not walking and talking  
As a man

When you're not walking and talking  
As a man

When you're not walking and talking  
As a man
