

Wish

Anna Calvi

I got one more wish before I die
So please don't you stop me
No don't you stop me
I got one more wish before I die
So please don't you stop me
No don't you stop me

Like a mirror staring out to sea
My mind is free so please don't you stop me
No don't you stop me
I got one more wish before I die
So please don't you stop me
No don't you stop me

Cherie your eyes
Cherie your eyes
The streets go by
Cherie your eyes

I got one more wish before I die
I got one more wish before I die

Cherie your eyes
Cherie your eyes
The streets go by
Cherie your eyes

Cherie your eyes
Cherie your eyes
