Be Here

Anna Clendening

What if I told you I couldn't stay?
Take me or leave me, you can still walk away
What if I told you this love won't be easy?

Will you still be here, is this real?
Will you still be here if I say how I feel?
I don't wanna wake up one day and see you're gone
Will you still be here?
Will you still be here?

(Don't wanna wait...)

What if I showed you I could change?
I really hope you don't walk away
What if I showed you this love could be easy

Will you still be here, is this real?
Will you still be here if I say how I feel?
I don't wanna wake up one day and see you're gone
Will you still be here?
Will you still be here?

(Don't wanna wait...)

Na na na...
Will you still be here?
Na na na...
