

Drowning

Anna Clendening

End of my rope, I'm losing hope
But I'm fine on the outside, on the outside
Keep it together, pray it gets better
But I'm slowly losing my mind, losing my mind

Can anybody hear me now?
'Cause I'm going down
'Cause I'm going down
Can anybody hear me now?
SOS, I'm reaching out

I'm drowning
My head's above the ocean
I'm hoping that you notice
I'm drowning
The pressure is surrounding
But the water's calm around me

They couldn't see and they don't believe
Is the pain really there, damn
If I slip away, not even a trace
Would anyone care, would anyone care

Can anybody hear me now?
'Cause I'm going down
'Cause I'm going down
Can anybody hear me now?
SOS, I'm reaching out

I'm drowning
My head's above the ocean
I'm hoping that you notice
I'm drowning
The pressure is surrounding
But the water's calm around me

I'm not crazy
Someone save me, now
Oh no, no no no
I'm not crazy
Someone save me, now
Oh no, no no no

I'm drowning
My head's above the ocean
I'm hoping that you notice
I'm drowning
The pressure is surrounding
But the water's calm around me

I'm not crazy
Someone save me
Before I drown
I'm not crazy
Someone save me
Before I drown
