Blink

Anna Graceman

With your arms wrapped tightly around me
I know everything's gonna be fine
With your voice in my ear, whisper loud and clear
That you'll love me for the rest of your life

I feel your heartbeat steady with mine
Synchronized, we're intertwined
Takin' breaths at the same time
Hmm

When you're with me
You're my escape
From all the troubles
And all the heartache
When I'm with you
It's hard to think
And I don't wanna miss a moment, baby
So I won't blink

Your hand is holdin' mine, stars shine
In the sky above you and me
No words are spoken, silence unbroken
Gettin' closer, ready, one, two, three

I feel your heartbeat steady with mine
Synchronized, we're intertwined
Takin' breaths at the same time
Woah, same time

When you're with me
You're my escape
From all the troubles
And all the heartache
When I'm with you
It's hard to think
And I don't wanna miss a moment, baby
So I won't blink
Woah, yeah

We can't go wrong
Why'd it take so long for me to see
What was standing right in front of me
Sometimes things come from other's mistakes
Breaking hearts is what they do
But I'm doing fine, all thanks to you
Woah, all thanks to you

'Cause when you're with me
You're my escape
From all the troubles
And all the heartache
When I'm with you
It's hard to think
And I don't wanna miss a moment, baby
So I won't blink
Woah-oh, so I won't blink
