

Dreams To Reality

Anna Graceman

I saw this moment
Set into motion
Turning and unfolding
My eyes are open

All of the lights are shining all on me
Looks just like I imagined
Out of the dark and nothing's out of reach
Now anything can happen

Ooh, I hear it calling me
Ooh, from dreams to reality

Ah-oh, I can see it changing
Ah-oh, from dreams to reality

Ah, dreams to reality

This was a vision
Now it's what I'm living

All of the lights are shining all on me
Looks just like I imagined
Out of the dark and nothing's out of reach
Now anything can happen

Ooh, this isn't make believe
Ooh, from dreams to reality

Ah-oh, I can see it changing
Ah-oh, from dreams to reality
Ah-oh, I can see it changing
Ah-oh, from dreams to reality

From dreams to reality
