

# Everybody Makes Mistakes

Anna Graceman

I've always been afraid to make mistakes  
And now I'm standing on a rope that could break  
I don't wanna fall down there  
I don't wanna break that thin piece of air

But I was right falling in love with you  
Was absolutely the biggest mistake I'll ever do  
So just jump into the sky  
Spread out my wings and watch me fly  
Oh I think it's time to put on the brakes, and finally I've learned  
That everybody makes mistakes  
Everybody makes mistakes

Cross my fingers I'm taking a leap of faith  
I say a silent prayer, I gotta get out of this place  
And even now I'm up so high  
Chance can still pass me by

But I was right, falling in love with you  
Is absolutely the biggest mistake that I'll ever do  
So just jump into the sky  
Spread out my wings and watch me fly  
Oh I think it's time to put on the breaks, and finally I've learned  
That everybody makes mistakes  
Everybody makes mistakes  
Everybody makes mistakes
