Gift For Always

Anna Graceman

Its been a whole darn year since I seen you last
How could it be that long ago?
Laying in my room, wondering if you miss me
You're afraid that this was never meant to be
But, baby you will see

I've been waiting all year long
And I cant wait to see you baby
Wont be long, til I see you baby
And you're my gift for always!

I'm wonderin if you're waitin for me
Cause I've been waitin for you
You're my angel sent from above
And, you're also my love

I've been waiting all year long
And I cant wait to see you baby
Wont be long, til I see you baby
And you're my gift for always!

Being away from you, I've had enough
Cause your gift to me is you wrapped up in love

I've been waiting all year long
And I cant wait to see you baby
Wont be long, til I see you baby
And you're my gift for always!

I've been waiting all year long
And I cant wait any longer
Hope I'm not wrong
When I say you make me stronger
And you're my gift for always!
