

Good Things

Anna Graceman

Feeling so electric
I'm unapologetic
I light this room up like a carnival
I'm smiling cause I'm happy
I'm extra oh so fancy
I got that sparkle like a disco ball

Ooh, nothing's gonna dull my shine (that's right)
Ooh, these feet are gonna dance all night (for life)

Good things are coming
Like a sunny day
I got that something
That make you wanna sing like
La dee da dee da, ooh la na na na
Nothing in my way
La dee da dee da, ooh la na na na
Hear me when I say
Good things are coming
Good things

Positively confident
And what you see is what you get
My flaws make me so perfect I can't stop

Ooh, nothing's gonna dull my shine (that's right)
Ooh, these feet are gonna dance all night (for life)

Good things are coming
Like a sunny day
I got that something
That make you wanna sing like
La dee da dee da, ooh la na na na
Nothing in my way
La dee da dee da, ooh la na na na
Hear me when I say
Good things are coming

They won't bring me down
They can't stop me now
They won't turn this smile into a frown
They won't bring me down
They can't stop me now
They won't turn this smile into a frown

Good things are coming
Like a sunny day
I got that something
That make you wanna sing like
La dee da dee da, ooh la na na na
Nothing in my way
La dee da dee da, ooh la na na na
Hear me when I say
Good things are coming
Good things

Hey, yeah

Hey, yeah
Ooh yeah
Ah-ah
Hey, yeah
Hey, yeah
Oh-oh yeah
Good things
