

Have It All

Anna Graceman

You can
You can have it all
You can
You can have it all

Pulling on the thread
I don't hold my breath
Playing on the edge
I don't watch my step
Diving in the depths
I don't need regrets
Now my body says
It starts in your head

You can have it all
When you don't know what you got to prove
You can have it all
When you don't know what you got to lose

Jumping in without
A shadow of a doubt
Try to break me down
I'll be breaking out
Tapping on the glass
Spider web of cracks
Yeah I'm never holding back
Never holding back and you should know that
It ain't ending when it fades to black

You can have it all
When you don't know what you got to prove
You can have it all
When you don't know what you got to lose

Oh I'm telling you
You can have it all
When you don't know, don't know what you got to lose

You can have it all
When you don't know
What you got to lose
