

# Just To Feel Something

Anna Graceman

Am I numb  
Or am I on fire  
All I know for sure  
Is nothing's for sure  
Am I here  
Or am I just floating  
All I know for sure  
Is nothing's for sure

Ah, ah

I feel everything  
And nothing at all  
And nothing at all  
I feel every little thing  
And nothing at all  
And nothing at all

Is this what happens  
When your world is shattered  
Am I hurting  
Just to feel something  
Is this what happens  
When your world is shattered  
Am I hurting  
Just to feel something

Ooh ooh ooh  
Ooh ooh ooh

Where's the light  
I'm caught in the darkness  
Reaching for someone  
Reaching out for ya

Ah, ah

I feel everything  
And nothing at all  
And nothing at all  
I feel every little thing  
And nothing at all  
And nothing at all

Is this what happens  
When your world is shattered  
Am I hurting  
Just to feel something  
Is this what happens  
When your world is shattered  
Am I hurting  
Just to feel something

Ooh ooh ooh  
Ooh ooh ooh
