

Keep on Moving On

Anna Graceman

I try to stay calm through the chaos
But it likes messin' with me
I wanna stay strong when it's all wrong
I try to stay on my feet

I'm feelin' vulnerable
Walkin' through hell
And I ain't got no control
But I tell myself

I gotta keep movin' forward
I don't know what's round the corner
I don't know what's on the other side
I keep on
Inch by inch, step by step
I might fall but no regret
I won't turn back
Just 'cause the road is long
I keep on moving on

And I know sometimes moments fly by
But they pull me from the dark
The good that I find, it keeps me tryin'
When everything's fallin' apart

I'm feelin' vulnerable
Walkin' through hell
And I ain't got no control
But I tell myself

I gotta keep movin' forward
I don't know what's round the corner
I don't know what's on the other side
I keep on
Inch by inch, step by step
I might fall but no regret
I won't turn back
Just 'cause the road is long
I keep on moving on, on
I keep on moving on, on

I gotta keep movin' forward
I don't know what's round the corner
I don't know what's on the other side
But I keep on
Inch by inch, step by step
I might fall but no regret
I won't turn back
Just 'cause the road is long
I keep on moving on, on
I keep on moving on, on
I keep on moving on, on
I keep on moving on, on
I keep on moving on
