

Lexi's Lullaby

Anna Graceman

Starlight shinning so bright
Peeking through the curtains to say
Good night said the little one to the right
Sleep tight said the little one
Up so high
Then the biggest star in sight
Said to me don't let the bed bugs bite
Sweet child won't you go to sleep tonight
That's what you'd say to me
Don't cry all the lights are gleaming in your eyes
And I'd be relieved to see your sweet smile smiling back at me.

And then I'd pray that we would be forever
And I think I'll see you in my dreams
Darling baby please don't cry
Cause it's lexi's lullaby

Ooohh ooh whoah lexi's lullaby

Sweet child

Won't you go to sleep tonight
Oooohhhhooo
