

# Like a Ribbon

Anna Graceman

Wrap my arms around you like a ribbon  
Hold you close, you're the one thing I've been missing  
I'll remember this  
Oh to be here with you is a gift

'Tis the season, come December  
Shining gold and silver  
Sleigh bells ringing, snowy weather  
Twinkle lights that shimmer

Been counting down the days  
Stockings hung by the fireplace  
Memories so evergreen  
This Christmas you're all that I need

Wrap my arms around you like a ribbon  
Hold you close, you're the one thing I've been missing  
I'll remember this  
Oh to be here with you is a gift

So I wrap my arms around you like a ribbon  
This my best, the best thing I've been given  
I'll remember this  
Oh to be here with you is a gift

Yeah  
Oh oh  
I'll remember this  
Oh to be here with you is a gift

Bows and boxes under the tree  
That's not what I'm wanting  
Feeling festive, holly jolly  
The ones I love next to me

Been counting down the days  
Stockings hung by the fireplace  
Memories so evergreen  
This Christmas you're all that I need

Wrap my arms around you like a ribbon  
Hold you close, you're the one thing I've been missing  
I'll remember this  
Oh to be here with you is a gift

And so I wrap my arms around you like a ribbon  
This my best, the best thing I've been given  
I'll remember this  
Oh to be here with you is a gift  
Oh to be here with you is a gift  
Gift, gift  
Oh to be here with you is a gift
