

# Miles Away

Anna Graceman

Long distance doesn't make it easy  
Though our new knowledge makes it better than it's been  
To receive a call or word it would take ages  
But now a days, we don't even use a pen

We've learned so much  
But we still don't understand  
And it hurts so much  
Wish you were here so I could hold your hand

I'd much rather you be  
Here beside me  
Than all these miles away  
I'd much rather you be  
Here beside me  
If you were then what would I say?  
Words aren't what we need,  
Cause you made me believe  
We both know I can't stay  
But it just won't be the same  
When I'm all these miles away

Days are longer and it doesn't make it easy  
Cause there's no point, when my time ain't spent with you  
We'll have to go on and live our lives like normal  
I know sooner or later, you'll find somebody new

We've learned so much  
But we still don't understand  
And it hurts so much  
Wish you were here so I could hold your hand

I'd much rather you be  
Here beside me  
Than all these miles away  
I'd much rather you be  
Here beside me  
If you were then what would I say?  
Words aren't what we need  
Cause you made me believe  
We both know I can't stay  
But it just won't be the same  
When I'm all these miles away

It just won't be the same  
No, it won't be the same  
It just won't be the same  
When I'm all these miles, all these miles away  
It just won't be the same  
No, it won't be the same  
It won't be the same, it won't be the same  
When I'm all these miles, all these miles away  
Oh away, oh oh oh oh

And I'd much rather you be  
Here beside me  
Than all these miles away

I'd much rather you be  
Here beside me  
If you were then what would I say  
Words aren't what we need  
Cause you made me believe  
We both know I can't stay  
But it just won't be the same  
When I'm all these miles away
