

# One You Run To

Anna Graceman

I know what it's like to wonder sometimes  
And even the light can get lost in the dark  
Wish I'll be like the star

I'll be right here  
You will find me  
Walking right beside you  
I'll be the one you run to  
I'll be right here  
Look and you'll see  
Step by step I got you  
I'll be the one you run to  
Run to

Don't get caught up  
When we stumble we all fall  
And even the best of us  
Can need somebody to rescue us  
So if you need someone

I'll be right here  
You will find me  
Walking right beside you  
I'll be the one you run to  
I'll be right here  
Look and you'll see  
Step by step I got you  
I'll be the one you run to  
Run to

Run to, run to, run to  
I'll be the one you run to, run to, whoa, run to  
Run to, run to, run to  
I'll be the one you run to, run to

I'll be right here  
You will find me  
Walking right beside you  
I'll be the one you run to  
I'll be right here  
Look and you'll see  
Step by step I got you  
I'll be the one you run to  
Run to

Run to, run to, run to  
I'll be the one you run to, run to, whoa, run to  
Run to, run to, run to  
I'll be the one you run to, run to

Run to
