

Speak to Me

Anna Graceman

Speak to me
Let me know
Where you are headin' or where you might go
Speak to me
Say it loud
Yell to the ones who are out there cause I'm somewhere in the crowd

Speak to me
Persuade and be found
Loud enough so if I'm underwater
I'll hear you as I drown
Let it flow through the emptiness
Let it stay and we'll reminisce
On such silly things it's hard to agree
But speak to me

Cry for me
Let me know
Where we are headin' or where we could go
Cry for me
Lose your pride
There's no mistakin' that you feel it inside

Speak to me
Persuade and be found
Loud enough so if I'm underwater
I'll hear you as I drown
Let it flow through the emptiness
Let it stay and we'll reminisce
On such silly things it's hard to agree
But speak to me

Only you can save me
Your voice is all that I want to know
Only you can save me
But you being here is impossible

Speak to me
Persuade and be found
Loud enough so if I'm underwater
I'll hear you as I drown
Let it flow through the emptiness
Let it stay and we'll reminisce
On such silly things it's hard to agree
But speak to me
Oh speak to me
