

Stardust

Anna Graceman

I was drifting
Through the atmosphere
But in an instant
Saw you standing there
And from that moment
Like it was in motion
Somehow I already knew

[?] was different
Things were crystal clear
And like a vision
I could see us here
I saw this moment
Like it was in motion
Somehow I already knew

Stardust
Was made for us
Was made for us

Stardust
Was made for us
Was made for us

Ooh
Ooh, ooh
Ooh, ooh
Ooh, ooh, ooh, ooh
Ooh, ooh
Ooh, ooh
Ooh, ooh
Ooh, ooh, ooh, ooh
Ooh

Stardust
Was made for us
Was made for us

Stardust
Was made for us
Was made for us
