

Tiny Girl

Anna Graceman

I'm always looked down on
Inside always has a frown on
They tell me I'm too young
Little me, I'm the underestimated one

People look at me
And all that they see

Is a tiny girl
With dreams bigger than this world
They don't think I stand a chance
When they just give me a passing glance
They'll believe me when fire catches
Yeah I'm the one striking the matches
In my hands I'll hold this world
There's more to this tiny girl

I'll be showing what I've got
Who said you decide if I'm worth it or not
I'm not looking to run
Why leave when the fun's only just begun

How come all you see
When you look at me

Is a tiny girl

With dreams bigger than this world
You don't think I stand a chance
When you just give me a passing glance
You'll believe me when fire catches
Yeah I'm the one striking the matches
In my hands I'll hold this world
There's more to this tiny girl

Is there a height limit
To get on to this rollercoaster ride
Come on admit it
There's no reason I should hide

Just a tiny girl
With dreams bigger than this world
You don't think I stand a chance
When you just give me a passing glance
You'll believe me when fire catches
Yeah I'm the one striking the matches
In my hands I'll hold this world
There's more to this tiny girl
