Understand

Anna Naklab

Thorns from the sea
Words through the ocean
Dive in too deep
To deep emotions

Humans never understood the world
Humans never understand the world
People will never understand the world

Understand (flooding my mind)
Understand (flooding my mind)
Understand (flooding my mind)
Understand

Waves with the wind
Walking on air
Breathing too deep
To deep emotions

Humans never understood the world
Humans never understand the world
People will never understand the world

Understand (flooding my mind)
Understand (flooding my mind)
Understand (flooding my mind)
Understand

People will never understand the world
