

Knots

Anna Nalick

Oh no, we're all tied up
Oh no, our stars got crossed
Got you in to my world on a string,
and started building knots

I love your eyes, like stars
And all your thoughts on fate,
And everything you are
And how you radiate, and all I want

Is my fingers in your hair,
And I'm tangled up as tightly as I dare
And I know you're just another life away
And they say if you want something bad enough you'll wait, but I'd hate to be wrong
So I tangle me in strings,
Cause I'm strung out on the way we're spiraling
I'm a cyclone and every revolution's confused, it's a shame that you seek resolution
When I wanna stay tied up,
All tied up,
All tied up

You say the universe, has a ways
Of cleaning all this up
But I miss your funny face,
And you know I don't miss much
And all I want
All I want is

My fingers in your hair
And I'm tangled up as tightly as I dare
And I know you're just another life away
And they say if you want something bad enough you'll wait, but I'd hate to be wrong
So I tangle me in strings,
Cause I'm strung out on the way we're spiraling
I'm a cyclone and every revolution's confused, it's a shame that you seek resolution
when I wanna stay tied up,
All tied up,
All tied up

And everything is not, everything it marks my love
But everything is not just like you want
And all I want
All I want is
All I want is you

And my fingers in your hair
And I'm tangled up as tightly as I dare
And I know you're just another life away
And they say if you want something bad enough you'll wait, but I'd hate to be wrong
So I tangle me in strings,
Cause I'm strung out on the way we're spiraling
I'm a cyclone and every revolution's confused, its a shame that you seek resolution
