

# Brutal

Anna of the North

(Just bear with me)

No matter how many skies have fallen  
No matter how many times I'm hollowed out  
I'm carrying the sun, I'm crying to the song  
That I used to dance to, mmh  
No matter how many nights I'm sleepless  
No matter how many times I fall to pieces  
I'm carrying the moon, I'm lying in the room  
That we used to love in, mmh

So I was wide awake last night  
Wishing you could look me in my eyes  
Brutal is better than confused  
We're close at the moment with you  
When I was wide awake last night  
Hoping maybe you could change my mind  
Brutal is better than confused  
We're close at the weight that I feel when I'm with you

One day I'll feel like I can trust ya  
Baby, then the next day I feel numb, I feel nothing  
And I don't know what's worse, when I'm dying from the thirst  
That I used to drown in, mmh

So I was wide awake last night  
Wishing you could look me in my eyes  
Brutal is better than confused  
We're close at the moment with you  
When I was wide awake last night  
Hoping maybe you could change my mind  
Brutal is better than confused  
We're close at the weight that I feel when I'm with you

Say you've changed  
I'm in pain  
Should I stay?  
Say you've changed  
I'll pretend  
It's complicated
