

# I Do You

Anna of the North

If I knew how to lose you  
You know I would (You know I would, I would)  
If I was on my side, babe  
It's like I should (I know I should, I should)

There's just some things that I can't do  
I'm trying to be so good for you, good for you  
There's just some things that I can't do  
Though I know deep down if I did me, like I do you

And when you feel it's ending then I feel it start  
I see through your missed calls, won't care where you are  
'Cause I know that without you, I'm better before  
But there's things that I'd know how to do  
If I did me, the way I do you

Yeah, you don't make it easy with the way that you look  
(The way you look, you look)  
Tell myself to believe, but that, you misunderstood  
(Misunderstood, oh)

There's just some things that I can't do  
I'm trying to be so good for you, good for you  
There's just some things that I can't do  
Though I know deep down if I did me, like I do you

And when you feel it's ending then I feel it start  
I see through your missed calls, won't care where you are  
'Cause I know that without you, I'm better before  
But there's things that I'd know how to do  
If I did me, the way I do you

Things I don't know how to, how to let go, oh  
Things I don't know how to, how to let go, oh  
Things I don't know how to, how to let go, oh  
Things I don't know how to, how to let go, oh
