

# Thank Me Later

Anna of the North

You know tonight, I'll make you mine  
And not just 'cause you're pretty, baby  
Something 'bout you makes me crazy

I was just calling 'cause I'm near your place  
I'm in my car, I can be there in eight  
I got something for ya  
I'm gonna treat you, so baby, relax  
Grab what you need 'cause we're not coming back  
No, not 'til we're sober

It's the way you walk, it's the way you act  
Something 'bout your rhythm got my heart attached  
Make me move like this when you move like that  
Baby, I like what I see

You know tonight, I'll make you mine  
And not just 'cause you're pretty, baby  
Something 'bout you makes me crazy  
I'll pay, you won't, put your money away  
I got this to show how much I appreciate ya  
If you wanna, you can thank me later

Flowers and candy and diamonds on rings  
Big fluffy promises, they're not my thing  
I don't need no drama (No)  
Give me those nights when I'm trippin' with you  
No one else takes me the places you do  
Get so hazy on ya

It's the way you walk, it's the way you act  
Something 'bout your rhythm got my heart attached  
Make me move like this when you move like that  
Baby, I like what I see

You know tonight, I'll make you mine  
And not just 'cause you're pretty, baby  
Something 'bout you makes me crazy  
I'll pay, you won't, put your money away  
I got this to show how much I appreciate ya  
If you wanna, you can thank me later

You can thank me, you can thank me  
You can thank me later  
You can thank me, you can thank me  
You can thank me later  
You can thank me, you can thank me later, later

You know tonight, I'll make you mine  
And not just 'cause you're pretty, baby (I'm not pretty)  
Something 'bout you makes me crazy  
I'll pay, you won't, put your money away  
I got this to show how much I appreciate ya  
If you wanna, you can thank me later

You can thank me, you can thank me  
You can thank me later

You can thank me, you can thank me  
You can thank me later  
You can thank me, you can thank me later, later  
You can thank me, you can thank me  
You can thank me later  
You can thank me, you can thank me  
You can thank me later  
You can thank me, you can thank me later, later
