

Try My Best

Anna of the North

Day by day goes by and we're still getting by
Livin' and breathin' but we can't always feel alive

Money ain't an issue for us, still we fuss and fight but don't
give in

Yeah, we both got feelings but sometimes we cannot feel a single
thing

Is it hard to be a man for ya?
Doin' all I can for ya
Always try my best for your love
Just know it's hard to be myself sometimes
Try to keep myself in line
Try to do my best

Try to do my best

Nobody knows me like you do, but you don't know it all
Close to your body, a heartbeat can make me feel so small

Money ain't an issue for us, still we fuss and fight but don't
give in

Yeah, we both got feelings but sometimes we cannot feel a single
thing

Is it hard to be a man for ya?
Doin' all I can for ya
Always try my best for your love
Just know it's hard to be myself sometimes
Try to keep myself in line
Try to do my best

Is it hard to be a man for ya?
Doin' all I can for ya
Always try my best for your love
Just know it's hard to be myself sometimes
Try to keep myself in line
Try to do my best

Try to do my best
Try to do my best
Try to do my best
Try to do my best
Try to do my best
