

## Let The Bells Ring

Anna Ternheim

Not a word from you, I'm waiting  
Do you get my letters, I get non  
I've been everywhere to find you  
Cause I refuse to believe you'r gone  
I've been through every stage of waiting  
Fury and anger, indifference and hate  
Deep down I know that I still love you  
I always have and I always will  
So I keep on searching until I find you  
Writing these letters every day  
Cause I refuse to believe you left me  
Cause you'll never leave  
Nor stop loving me  
Cause I would hurt you beyond belief
