

Took me for a ride, all your lies, all the ego  
Had to let it go  
Now all you say, is "Baby stay, I'm available"  
Had to let it go  
Not this old fight on your wedding night  
You already know I have to let you go  
So put away your sorry face I'll be on my way  
Time for me to go

But I never wanna go it alone  
All the seagulls circlin' round it's on!  
This whole time I thought it was you, it's me  
Meet me after dark in the trees, redo  
Up the tension biting my tongue no more  
Cause I'll never be this young again

I used to love it  
I used to love it, love it  
I used to love it  
I used to love it, love it  
But you still love it  
But you still love it, love it  
But you still love it  
But you still love it, love it

All up hill from here the atmosphere of your circle  
Had to let you go  
Used to fall, then you'd stall, made me feel small  
Had to let you go  
No dancing days knew your toxic ways couldn't help me grow  
Had to let you go  
I know that I will come out alive without you by my side  
So I'm letting go

But I never wanna go it alone  
All the seagulls circlin' round it's on!  
No new friends to come back to this time  
Got this tune for when it gets bad, withdrawl  
Cut the tension biting my tongue no more  
Cause I'll never feel this low again

I used to love it  
I used to love it, love it  
I used to love it  
I used to love it, love it  
But you still love it  
But you still love it, love it  
But you still love it  
But you still love it, love it
