

# Precious Possession

Anna Wise

(Hold me close I'm wasting away  
Hold me close I'm too fucked to stand)

Hold me close I'm wasting away  
Hold me close I'm too fucked to stand  
Hold me close I'm wasting away  
Hold me close I'm too fucked to stand

Blank slate big smile  
Nice pout long hair  
Toned thighs big legs  
Both breasts blank stare  
We've learned that this is what you want  
We can't erase what we've been taught  
Will you call me your girlfriend  
I wanna be your princess  
Will you call me your girlfriend  
I wanna be your princess

Come down on me  
I am your precious possession  
I'm so delicate  
I need your protection

Clothes in front of your new daddy  
Stick my ass out for all it's worth  
Stay like this until the grave daddy  
Drop your ass, what's your self esteem worth?

Hold me close I'm wasting away  
Hold me close I'm too fucked to stand  
Hold me close I'm wasting away  
Hold me close I'm too fucked to stand

I'm addicted to myself  
I'm addicted to my wealth  
I'm lying to myself  
(I am your precious possession)  
Lying to myself  
Put your hands on my face  
Put your hands on my waist  
Put your hands on my face  
(I need your protection)  
I'm addicted to myself  
I'm addicted to my wealth  
I'm lying to myself  
(I am your precious possession)  
Lying to myself  
Put your hands on my face  
Put your hands on my waist  
Put your hands on my face  
(I need your protection)  
I'm addicted to myself  
I'm addicted to my wealth  
I'm lying to myself  
(I am your precious possession)  
Lying to myself

Put your hands on my face  
Put your hands on my waist  
Put your hands on my face  
(I need your protection)
